Mental Health and Preparing for the Post Secondary

After high school, post-secondary education for our youth can be exciting but also stressful if they have struggled with their mental health. Learn from Dawn Schell from the University of Victoria and Melissa Feddersen from the University of British Columbia (Okanagan). Discover some ways we can prepare our youth for school, and support their mental health and independence while they are at school.

Join us and other families for this video presentation and discussion that's facilitated by a Family Smart Family Peer Support Worker.

12:00pm-1:30pm Pacific Time (British Columbia)

1:00pm-2:30pm Mountain Time (Alberta)

These events are funded for parents and caregivers living in the Province of British Columbia and for CASA families in Alberta. If you are from another province or territory, or live outside of Canada, we welcome you to visit our video library at www.familysmart.ca/videos and use our resources. Thank you.
