Scholarships

Grade twelve students who are interested in scholarships are reminded to check the Scholarship Team on a regular basis. Many post-secondary institutions have put up information regarding entrance scholarships. Scholarship information received by Caledonia will be posted on Teams. Any student who is not on the Team can see Mr. Dosanjh for sign-up.

Caledonia's general applications for local scholarships will come out in mid-February. Sign-up for these meetings will be available next month.

CAREGIVER SKILLS GROUP

Parents and caregivers often feel helpless when their child (no matter the age) is experiencing a mental health issue. Caregivers are unfortunately often left out of counseling, sometimes because the child or adolescent requests this, sometimes due to parents believing they can't be the ones to help their child, and sometimes due to other factors or logistics. Yet family members, if provided with the opportunity and the right tools, can often have the biggest impact on their loved one's healing. This is where Emotion-Focused Family Therapy comes in. Emotion-Focused Family Therapy (EFFT) is a model developed to equip parents and caregivers with skills to support their loved one's child's recovery - regardless of the child's age, level of motivation, or involvement in formal treatment themselves. The clinician's role is to help caregivers master the skills involved in supporting their child to engage in healthier coping strategies, as well as manage stress and process emotional pain.

This Caregiver Skills Group offers an opportunity for participants to **learn skills to support their loved one** to wellness through a combination of presentations, discussions, case examples, and activities.

WHEN: Tuesdays 12-1 pm starting February 10 and running until March 3rd (4 weeks)

WHERE: Virtual - link will be shared with participants

COST: FREE
